- 22 februar
- Annual Conference, AGM, GM, INVICT
- UN's eve
- Project-related events: BeneVict Final conference, Disrupt trainigns, final conference: No Oblivion events. IPHP final conference. EUCVT final conference

The We Are Sapience evaluation of VSE's 2024 communication assets highlighted two main problems:

- 1. Cold & Rational Communication Approach: The reliance on text-heavy, rational arguments.
- 2. Abstract & Generic Communication Approach: Overuse of abstract messaging, lacking personalization and human connection.

To address these issues, the 2025 EMOTIONALISED strategy introduces the following solutions:

- 1. Balancing Emotional and Evidence-based Communication: Combine emotional evidence (such as personal stories and interviews) with data, statistics, and research. This includes the "STORYTELLING" framework, which involves:
  - Who is the story about? (CHARACTER)
  - What do they want? (CONTEXT)
  - What obstacles stand in their way? (BUT! CONFLICT)
  - How do they navigate these obstacles, leading to a resolution that reinforces the message? (JOURNEY TO RESOLUTION)

C

2. Enhancing Emotional Impact Through Design: Utilize design elements like imagery, colour, typography, and visual storytelling to create an emotionally engaging experience that fosters empathy and connection.

## 9-Year Roadmap of VSE Communication development for organisational growth

## 2026 VISIBLE

Comms Strategy emotionilised for the target qaudiences Hashtags: No Victim Keft Behind, Year of Victims Rights

For the EMOTIONALISED strategy, campaign engagement and qualitative feedback analysis are key to understanding the emotional connection with the audience and assessing the effectiveness of your communications.

Comms Team of 3-4 permanent people onboard + 1 intern

#### Comms Tool

- teck fair event
- Project-related events
   A Commo Network event

Our 2026 'VISIBLE' communications strategy will be defined by three key words:

- Clear: Messages are simple, understandable, and accessible to everyone. KPIs: Readability scores, audience comprehension surveys, decrease in questions/clarifications.
- Reach: Our content is seen by more people, driving traffic and engagement. KPIs: Website traffic increase (sessions, unique visitors), social media reach and impressions, newsletter open rates, click-through rates.
- Stories: Frontline experiences are highlighted, giving a human face to our work. KPIs: Number of frontline stories published, engagement metrics on story content (likes, shares, comments), media coverage or external mentions.

## **Overview of Communications work**

## Advocacy+Policy Comms

Information campaign to promote VSE advocacy and policy work 'Year of Victims' Rights) (following the advocacy work programme 2025 and comms plan for policy/ advocacy):

# Future look on activities 2026

VSE Campaigns 2026

In 2026, three major VSE campaigns will be linked to key VSE events:

- 1. European Day for Victims of Crime (20 february 2026)
  - In collaboration with the Cyprus Presidency, this campaign will focus on promoting the 116 Helplines and the Helpline Standards, raising awareness across Europe about access to support services for victims of crime.
- 2. VSE Annual Conference 2026
  - This campaign will highlight frontline practices, priorities, and challenges in victim support. The key objective will be to promote the effective implementation of the Victims' Rights Directive (VRD) within national contexts.
- 3. Tech Fair November 2026
  - Organised in collaboration with the Irish Presidency, this campaign will focus on innovation
    in victim support and explore opportunities for fundraising and technology-driven solutions
    to improve services for victims.
