III – Projects and Members

Projects Team goals for 2023

With a growing team and an increase of projects in the past few years, these are the goals for the project team for 2023

- ★ Prioritise VSE's strategic objectives to be reached through projects;
- ★ Create a database with the key materials produced by relevant EU projects;
- ★ Generate higher income and secure funding from projects to support VSE's activities and growth;
- ★ Diversify the sources of projects funding;
- ★ Improve strategic coordination and shared approach with members when identifying and pursuing project opportunities;
- ★ Growth of the project team to ensure higher capacity to deliver on project development and implementation in the next years;

How can members benefit from Projects Team achievements

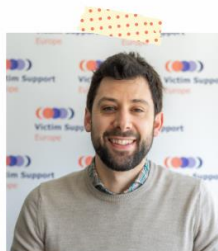

- ✓ Identification and communication of project opportunities with a specific - though not exclusive - focus on national contexts and support of members' project partnerships' creation through VSE's network;
- ✓ Increased level of participation of members in VSE-led projects;
- ✓ Increased opportunities for members to join projects under new programmes, both within and outside of EU;
- ✓ Improved strategic coordination and shared approach with members when identifying and pursuing project opportunities;
- ✓ Higher availability of project development and implementation templates, guidelines and checklists to members;
- ✓ Availability of new resources developed through projects, e.g. reports, papers, methodologies, videos.
